

ELEMENTARY EXPRESS

OCTOBER 2022 - DECEMBER 2022

GRADE - NURSERY TO II

Our Second Edition

Our second edition newsletter is here at the most joyous time of the year the month of October, November and December. Festivals brings happiness and peace between our lives. It is very important that kids should know the importance of festivals from the early age.

Festivals bring us together, it gives a good time to rejoice and built strong bonds between everyone. Celebrating festivals with everyone help kids to meet and greet everyone as well as they can learn the importance of togetherness.

Every festival brings happiness and harmony between our traditions and rituals. It is a very essential thing to teach the importance of festivals to our little ones.

Our growing kids should be taught the true meaning of rituals, cultures, and devotion of festivals.

Such celebrations will bring children closer to our traditions and cultural beliefs. A close bond is built between children as they understand each other's customs. India being a diverse country, children need to know what each festival means, and it is only through these celebrations that they will get to know more about our country.

Important Days

- Gandhi Jayanti Celebration
- Diwali Celebration
- Guru Nanak Jayanti Celebration
- Children's Day Celebration
- Christmas Celebration
- Sports Day - Class I

The Kite

There's something magical about the moment a kite takes flight and soars into the skies. In many ways, the kite represents the actualization of dreams and possibilities. The last few months have seen our school community come together to actualize many such dreams, that have been months in the making. This edition of 'ELEMENTARY EXPRESS' is a tribute to our students' creative striving and their unique ability to bring possibilities to life.

Every child is a different kind of flower, and all together, make this world a beautiful garden.

SOCIETAL EVENTS

Gandhi Jayanti

"A man is but a product of his thoughts; what he thinks he becomes."

Mahatma Gandhi

On the Birth Anniversary of the Father of the Nation, Mahatma Gandhi the young learners of Bharat Ram Global School, Indirapuram remembered the Father of the nation by articulating his ideology and contributions towards India by spreading the act of kindness, worthy efforts of Gandhiji for making India Clean and Green, the glimpses has been shared. The Class 1 children made charkha with ice cream sticks and jute or cotton thread, they showcased their creativity.

Children see magic because they look for it.

Diwali Celebration

Diwali is the festival of lights which is celebrated in various regions across India. The name 'Deepavali' literally means an 'array of lights'. To make the students understand the importance of Diwali, the little ones of Bharat Ram Global School, Indirapuram had a celebration in school. Teachers explained the importance of Diwali, the festival spiritually signifies the victory of light over darkness, knowledge over ignorance, good over evil, and hope over despair. Children decorated diyas with colours and glitter. Also origami diyas were made by class1. Children distributed sweets to their classmates.

Both Teachers and students enjoyed the Diwali celebrations wholeheartedly.

Children make your life important.

Guru Nanak Jayanti

Guru Nanak Jayanti which commemorates the birthday of Guru Nanak Dev Ji- the first Sikh guru and the founder of Sikhism, was celebrated with great religious dedication, zeal and fervour in School. Students came in traditional attire and were taught shabad. On this auspicious day teachings of Guru Nanak Dev ji were told to students.

Children are our most valuable resource.

Children's Day Celebration

"Every child is a different kind of flower that altogether make this world a beautiful garden."

Children's Day was celebrated with vigour and enthusiasm by the children and teachers of Bharat Ram Global School, Indirapuram on 14 November. The children were treated with special movie time.

The highlight of the day was a magic show. It mesmerized the children with fascinating and enchanting tricks. The day ended on a memorable note with the children feeling special as they went home wearing their colourful takeways like heart pencils, pinwheel which had been made with love and affection by their class teachers.

Every child is a different kind of flower, and all together, make this world a beautiful garden.

Christmas Celebration

Christmas, the festival of joy and happiness was celebrated with great enthusiasm in the school, students decorated christmas tree and enjoyed party food by sharing with each other. Movie related to birth of Jesus was shown to the kids to make them aware of Christmas festival.

Children see magic because they look for it.

Self Care Session

School organised a self care session for students. Self-care can be extremely beneficial for children to learn at a young age.

When kids practice self-care they learn to identify their physical and emotional needs and can begin to take care of those needs. Practicing self-care at a young age allows kids to create a foundation that will benefit them as adults. Self-care also allows child to develop healthy habits that they can benefit from in the future. Child will be able to become more independent and understand how to take care of themselves. They will develop the skills necessary to keep themselves healthy mentally, physically, and emotionally.

Children see magic because they look for it.

Sports Day - Class 1

"If there is one field of life which teaches us the most valuable lessons about perseverance, patience, in fact what constitutes a perfect character, it is sports."

Keeping this in mind, Bharat Ram Global School, Indirapuram, celebrated its Preprimary Sports Day on December 22, 2022, for all sections of Class I. It was a day filled with fervor and exhilaration amidst thrills and cheers.

The event commenced with the welcoming and felicitation of the Chief Guest Dr. Alka Agrawal, Director, Mewar Institute and the honourable principal, Ms Raveen Pande . The declaration of the sports day opened with the lighting of the sports flame by Head Boy, Head Girl and House Captains of all four houses.

The children beautifully danced on Christmas theme. Various races took over the sports day and it was a delight to see the excitement with which the students participated. Parents also took part in tug of War.

Soon after, the Prize Distribution Ceremony followed, where our school Principal Ms Raveen Pande presented the winners with medals.

At the end of the day, students departed with clear smiles on their faces, and it was a day filled with sportsmanship, enthusiasm, and memories to cherish.

Children see magic because they look for it.

Yoga

Yoga is the union of physical, mental and spiritual aspects of the body. It originated in ancient India and it consists of combining physical postures with breathing techniques with the help of meditation and hence relaxation. According to ancient Indian texts, Yoga can open up all the senses of your body and keep you healthy and fit.

A student who practices yoga regularly is bound to have a profound effect on his health and academics.

The soul is healed by being with children.

BRAINY ACTIVITIES

CLASS - NURSERY

Alphabet Fun

Letter r - Rainbow Activity

Letter recognition activities refer to the ability to visually recognize letters of the alphabet through hands-on learning activities and these have critical importance in early childhood education crafts.

Butterfly Activity

Butterflies were made by the students to make learning letter "b" more fun.

BRAINY ACTIVITIES

CLASS - NURSERY

Letter u - Umbrella Activity

Tearing and Pasting is a brilliant idea for Nursery class, it helps promote fine motor skills and cognitive skills. It also helps the students to recognize colours.

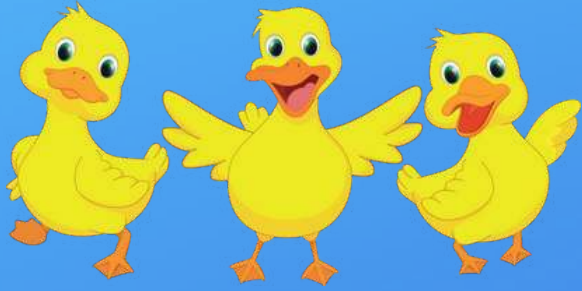

Letter j - Jacket Activity

Paper folding activity is such a fun that introduces your child to the wide, wonderful world of origami, it is also proved to be a valuable means to develop artistic skills in the young ones.

Letter d - Duck Making Activity

For students to help learn letter d with fun and more interest they were helped to make a duck through their hand prints.

Count and Learn

Counting number are very important for the Childrens. They will learn numbers by quantification method to develop their quantitative skills .

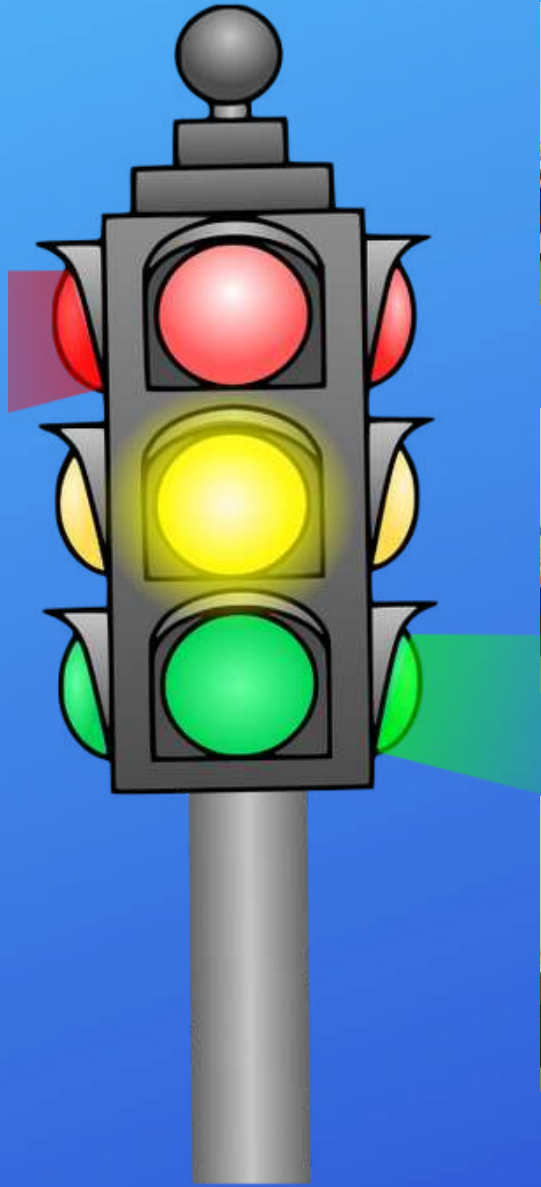

Dough Activity

Play dough has long been a staple of early childhood fun. Play dough can keep children occupied for a long time, using their imaginations to create all sorts of doughy fun. Beyond being fun, play dough has several important benefits for children's development.

Traffic Signals

It is extremely important to make children aware of basic traffic signs and signals. While driving one can show the different traffic signals and explain their meaning. This method really helps children to learn faster. Kids enjoy free-hand drawing of traffic lights.

Every child comes with the message that God is not yet discouraged of man.

Puppet Show

Class KG conducted a Story Telling Session for their kids on 17-11-22. Through this activity the children were given learning, and also strengthened our relationship with them.

Seed Germination

Seed germination, is when a seed begins the growing process. This science activity is a fantastic one to do with young kids because it is simple, a relatively quick process, and easy to actually see. This year students enjoyed experimenting with kidney beans.

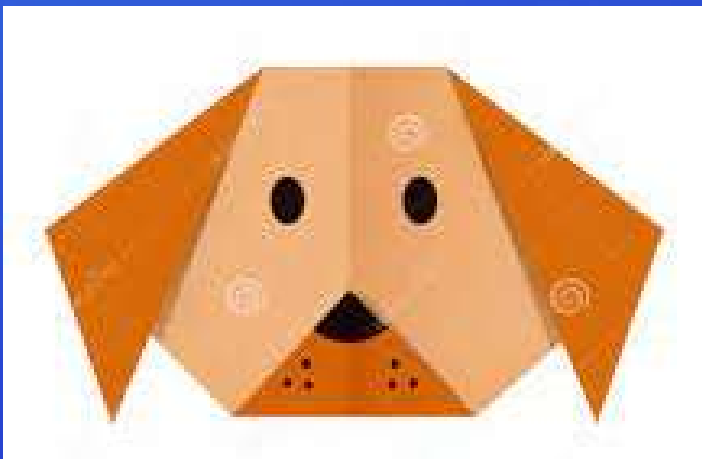

Origami - Dog a Pet Animal

Origami projects like learning to make origami dogs are important to help kids learn fine motor skills, hand-eye coordination, focus, concentration, patience, attention to detail, dexterity and visual-spatial skills. Additionally, it also enhances their math reasoning skills, sequencing skills, imagination and creativity.

न से नाव

विद्यार्थियों ने ओरिगेमी गतिविधि के द्वारा न से नाव बनाई।

प से पैर

विद्यार्थियों ने हाथों के छाप की सहायता से प से पैर के चिन्ह बनाए।

ल से लोमड़ी

विद्यार्थियों ने अंगूठे की छाप की सहायता से ल से लोमड़ी में रंग भरा।

व से वृक्ष

विद्यार्थियों ने कागज़ के टुकड़ों की सहायता से व से वृक्ष को पूरा किया एवं साथ ही वनों के संरक्षण की महत्वता को भी जाना।

Pre-Number Concept: First and Last

Pre Number Concept activities focus on classification such as the difference in shapes, picking out between small and big, large and heavy, short and long, wide and narrow, thick and thin, tall or short, etc. This way, children learn to observe the attributes of quality, then quantity, and finally, numbers.

Shapes - Hexagon

A strong understanding of shapes can help students better recognize the numbers and how they look. Number recognition is an early Math skill students need before they can move on to more advanced math skills, such as addition. The shapes themselves fall under the geometry standards of math.

CLASS - I

Helping Verbs Activity

Class 1 children participated in helping verbs activity where they pasted cutouts and wrote the helping verbs on it...

Clothes We Wear

Environmental studies are learnt better when we integrate the concept with real life experience. This was the objective of this activity. Children of class 1 had pasted the pieces of cotton, jute, satin and wool in their notebooks. this helped them to understand the different materials used to make clothes.

Children see magic because they look for it.

CLASS - I

Clock Activity

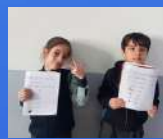

To make the learning of time concept more fun and interesting students made clock with craft material.

Hindi Maatra Gatividhi

Hindi is an important language which builds strong foundation in Primary classes. Students of class 1 drew pictures and wrote the names of the words of different maatraas.. As drawing promotes better understanding of building of words and sentences.

'र' मात्रा के अनेक रूपों की गतिविधि

'ऐ' की मात्रा गतिविधि

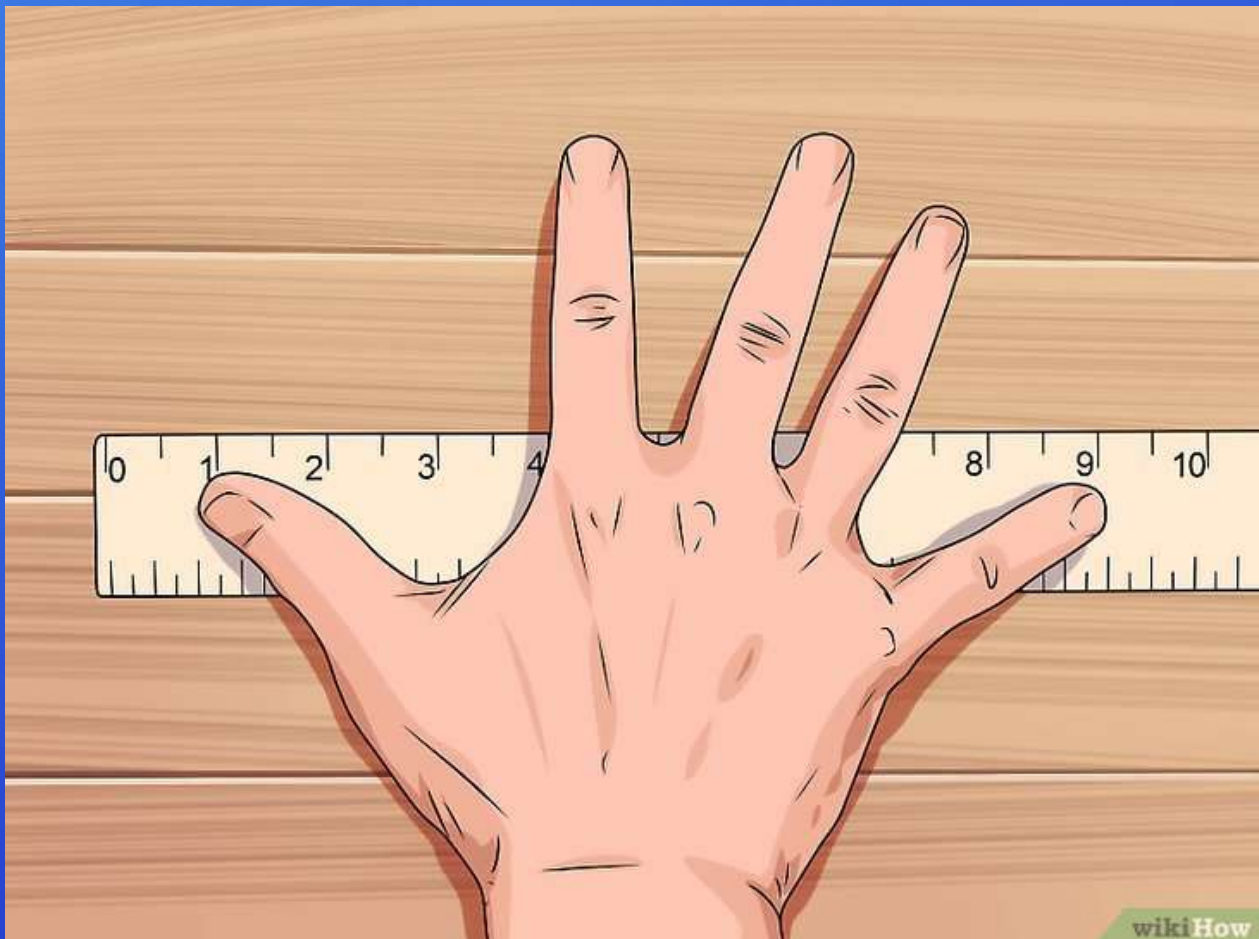

The soul is healed by being with children.

CLASS - I

Measurement Activity - Hand Span

To make students more clear about the concept of measurements hand span activity was conducted in the class.

The soul is healed by being with children.

Moving Around (Transport) - Dough Activity

Clay Modelling is an activity that helps nurture a child's creativity, boosts imagination, and imbibes self-confidence. Kids have made different means of transport.

Place to live - Paper House Making Activity

Students made house with the help of papers.

Keep in Touch Activity

Communication is important to express our self. It can smooth our way and relationship with others. Keeping in this view kids made paper phone and enjoyed this activity.

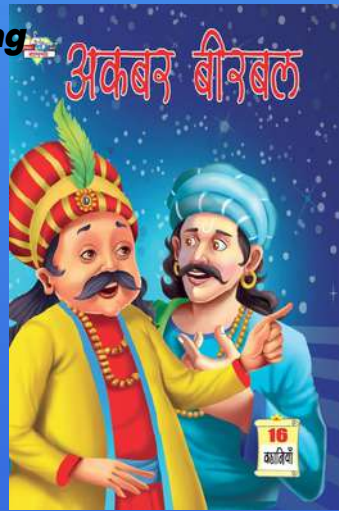

समानार्थी शब्द गतिविधि

छात्रों ने दिए गए चित्र को पहचान कर सर्वप्रथम उसका नाम रूपी शब्द लिखा। उसके पश्चात छात्रों ने गहन सोच के बाद उस शब्द का समानार्थी शब्द लिखा एवं उत्साह पूर्वक गतिविधि में भाग लिया।

Bhujho To Jaane-Theatre Activity

King Akbar and Birbal, who was known for their intelligence and wittiness. Their stories not only amused us, but they also taught us about the important virtues of life. Kids role-played and did an activity in Hindi to bond with each other, when they're working out together they learn to become a team

जादुई पेंसिल, फ्लैश कार्ड गतिविधि

कागज से जादुई पेंसिल बनाने से छात्रों के रचनात्मक एवं अभिव्यक्ति कौशल में वृद्धि होती है। इससे इनमें एकाग्रता एवं कला के माध्यम से सीखने की क्षमता बढ़ती है।

CLASS - II

'खेल खेल में गिनती'

सुनने से ज्यादा जल्दी देखी हुई चीजें मस्तिष्क पर अपनी छाप छोड़ती है इसलिए फ्लैश कार्ड में लिखी गिनती को देखकर छात्र पहचानेंगे एवं उन्हें क्रम से लगाएंगे।

विलोम शब्द गतिविधि

विलोम शब्द खेल गतिविधि की माध्यम से विद्यार्थियों को विलोम शब्द का ज्ञान कराया गया। जिसमें विद्यार्थियों के पठन कौशल के साथ, शारीरिक एवं क्रियात्मक विकास में सहायता मिली।

Children are like wet cement: whatever falls on them makes an impression.

I Love My Family

Making handprint crafts is an excellent way for children to be creative and artistic, and a fun way for parents to preserve precious memories of their growing children. Kids have made handprints and written a note to their family members.

The best way to make children good is to make them happy.

Division Activity

Division is splitting into equal parts or groups. For example, one might use division to determine how to share a plate of cookies evenly among a group. If there are cookies to be shared among five people, you could divide by five and find the "fair share" that each person would get.

An understanding of the meaning of division provides a foundation upon which students build more advanced, division-related concepts, such as fractions, proportions, and so on.

Making of Weight Balance

Through hands-on maths activities, children are supported to act with self-confidence and autonomy, seeking and accepting new challenges, and demonstrating initiative by asking questions. It encourages children to be curious and enthusiastic about their learning. When given opportunities to generate questions about situations and make predictions, carry out courses of action and evaluate results, children are expanding their scientific thinking skills.

The best way to make children good is to make them happy.

Nature Walk

Nature walk encourages children to observe with all their sense. Children can learn to focus their attention and take in the details of things around us. It becomes a peaceful and reflective experience for kids.

Seed Germination

Growing seeds is an amazing science project for kids. It helps to increase curiosity and enthusiasm. It gives the opportunity to see up close how a seed grows and what would actually be happening under the ground.

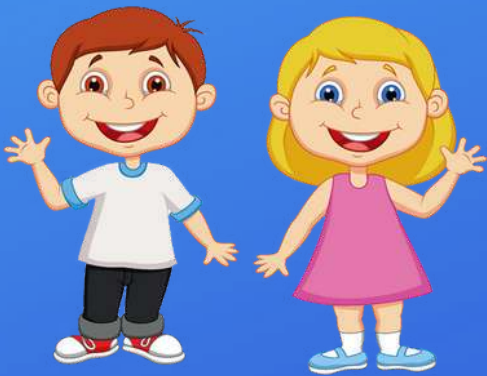

The best way to make children good is to make them happy.

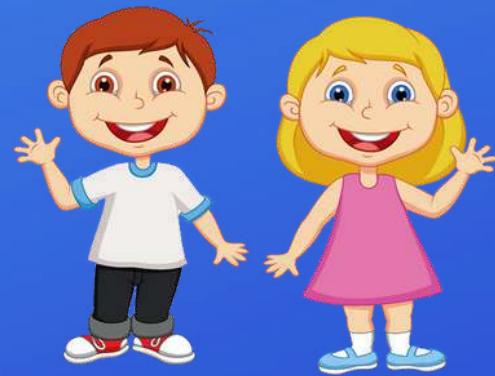

GOODBYE! 2022

GOODBYE! GOODBYE!

*A Year is done!
We worked! We Played!
We Learned! We Laughed!
We had some Fun!*

*Let's be happy!
Let's be Safe!
Let's be Kind!*

Welcome a New Year!

HAPPY 2023!
